CFL Bring Bad News!

Christmas is almost here way.

CFL Bring Good News!

FORGET ABOUT IT.

By taking advantage of the services that **CFL** can offer business and individuals you can have the most time consuming hassles of Christmas taken off your hands.

QUALITY

Using a high quality digital press we can produce Christmas cards exactly to your specification that require as little attention by you as possible. The cards can be designed to reflect anything you choose. The message inside could read however you like. The signatures can be digitally applied, so the entire office needn't suffer from RSI's, and personalised addresses printed on the reverse for posting. What's more these can then be inserted into envelopes and posted by **CFL** for you.

Surely this is one hassle you can do without?

Go on, give us your hassle!

How can you SAVE money?

Purchasing staff spend a lot of time talking to printers and brokers to secure the best deal they can. A lot of time and money is wasted on this demoralising task. At **CFL**, with our wide range of contacts, we know we can always offer a realistic price. By bringing your requirements directly to us and letting us handle the sourcing for you a lot of hassle is taken off your hands.

You can also be confident that we will get the best price for you while providing quality that cannot be matched.
